JOBوبيKE

Just Biking.

No matter where you are riding, JOBOBIKE will get you there.

**“No Matter Where You Are And Where You’re
Heading to, Our Bikes Fit Your Lifestyle.”**

~Muriel.H

We are **JOBOBIKE**

JOBOBIKE has been specialising in the production of e-bikes for over 20 years, focusing on quality and innovation, making it the reliable choice for you.

Formerly

For the last 20 years, JOBO has been producing electric bicycles for recognizable and global brands. Supporting the success of others helped us succeed. After years of hard work, we are growing into one of the leading companies in the electric bicycle industry.

Today

JOBOBIKE- from an e-bike supplier, now becoming a JOBOBIKE brand. Thanks to the experience we have gained, we create unique electric bikes that perfectly fit into the modern pace of life while helping connect people back with nature.

Brand DNA

Mission

To provide an incredible biking experience created for modern lifestyle at competitive prices.

Vision

To offer new means of transport allowing us to limit our reliance on fossil fuels and create a sustainable future.

Values

- Joy of life full of new experiences
- Opportunity to bike further
- Biking without limitations
- Options of transport
